

# s designer series

Reader's Choice  
MANUFACTURER OF THE YEAR  
2024

ISO 9001  
QUALITY

## Sourcing the finest materials.

Exuding class from top to bottom, this premium caravan stands as a testament to unparalleled craftsmanship and design innovation, sourced from the finest materials to ensure unmatched quality and durability.

Fully reimagined with new features such as a 2000W Victron MultiPlus system, flat access doors and plates, independent suspension, and metal sided soft close draws, the Designer sets a new standard in luxury travel.

The sumptuous interior, reminiscent of a boutique penthouse, seamlessly blends quality with 'soft luxe' design principles, making the Designer Series exceptionally popular among discerning clientele.

Beautifully appointed with all the mod cons including an 2 way air conditioner, 2X 200W solar panels, a top spec entertainment system and bathroom and kitchen fittings fit for a king. We have little doubt that you'll be turning a few heads when you pull up, before inviting the neighbours in for a cuppa.

**The Designer Series. Luxury without the pretense.**
